Dear Ken Massé:

Re: **Vancouver Fraser Port Authority Project Permit No. 17-093-05
Request for Construction Outside of Regular Work Hours
Metro Vancouver - Annacis Island Wastewater Treatment Plant New Outfall System**

The Vancouver Fraser Port Authority (the "Port Authority") has received a request from you on behalf of Metro Vancouver to allow construction and physical activities related to the above-noted project outside of the hours stated in Revised Condition No. 32 of Project Permit No. 17-093-01. The Port Authority understands that the request for construction outside of regular hours is to complete the East and West outfall arms and remove internal bulkheads from the river riser.

The work that will be performed outside regular hours includes:

- East and West Outfall Arms construction
 - Dredge along the diffuser with a crane and clam bucket
 - Level and backfill on top of the diffuser to achieve design elevations
 - Place precast protectors
 - Finish backfill
 - Place permanent scour protection
- Removal of internal bulkheads from the river riser

In-water works are proposed 24 hours a day, 7 days a week from July 2023 to December 31, 2023.

The Port Authority has undertaken and completed a review of the requested amendment in accordance with the *Canada Marine Act*, section 5 of the Port Authorities Operations Regulations, and section 82 of the *Impact Assessment Act*, as applicable.

As part of our review, the Port Authority considered additional information provided in the following supporting documents:

- "Request to conduct construction outside of regular work hours", May 29, 2023, Pomerleau Bessac General Partnership

Accordingly, the Port Authority authorizes an amendment to Project Permit PER No. 17-093-04 to allow construction outside regular hours of work during the above noted time periods provided the following conditions are met:

.../2

Page 2 of 2

1. Metro Vancouver shall ensure the scope of works undertaken during extended hours is limited to the activities outlined in the proposal. No impact pile driving shall be undertaken during extended work hours.
2. Metro Vancouver shall circulate a construction notice to surrounding residents and businesses ten business days in advance of the commencement of works.
3. All Project Permit 17-093-04, 17-093-03, 17-093-02, Project Permit 17-093-01, and Project Permit 17-093 conditions shall continue to apply during extended work hours.

The Port Authority reserves the right to cancel or revoke authorization for extended work hours should noise levels exceed reasonable levels or should disturbances to surrounding communities persist.

This amendment has been assigned Amendment **PER No. 17-093-05**. Thank you for your cooperation throughout our review. Should you have any questions regarding this approval, please contact Andrew Otto-Artavia at 604.353.5284 or Andrew.Otto-Artavia@portvancouver.com.

Yours truly,

Vancouver Fraser Port Authority
